

# HAVE YOUR SAY ON PAY

Staff in FE colleges in England have seen their pay falling even further behind the cost of living in the last 10 years. Enough is enough.

UNISON is consulting members in FE colleges in England about what action you are prepared to take to help improve your pay.

## VOTE YES

We are recommending that you vote YES for both strike action and action short of strike action. Your vote will help us show the strength of your feelings as we negotiate with employers and the government.

The online consultation opens on 16 January and closes at 4pm on 6 February. Go to [unison.org.uk/FEpay](http://unison.org.uk/FEpay) for more information and to find out how to vote when the ballot opens on 16 January.

Together we are stronger.  
Please vote YES and tell the government to pay up now!
