NJC PAY CLAIM 2025

Following recent pay negotiations and consultations, the Employers offer was accepted for a 3.2% pay rise. Whilst members voted to reject the offer, the turnout in the consultation was not high enough to suggest that we would be successful if we balloted for industrial action. Please remember to VOTE in all consultations - YOUR VOTE COUNTS!

CHESHIRE EAST COUNCIL TRANSFORMATION UPDATE

Cheshire East UNISON branch have been pushing for several months with Cheshire East Leadership Team for more involvement and participation in the Transformation programme. Cheshire East should involve us in positive and timely information sharing discussions and meaningful collective bargaining and consultations. Unfortunately this has not been happening as we would have liked, resulting in the branch escalating this to UNISON Northwest. Following this, a meeting was held on the 6th August between UNISON and Cheshire East Leadership with an update regarding the workforce strategy and we are hoping that going forward, we will continue to be more actively involved in open and transparent communications with Cheshire East. We have been requesting to meet with Inner Circle since their transformation consultancy started with Cheshire East and will continue to push for this to take place. As our members, you are our eyes and ears in the workplaces and we ask that you keep us informed of any proposed changes in your service. For further information, please see the link below to access the Corporate Policy Committee 6th August 2025
